

# DEBBIE PEARSON

NURSE | AUTHOR | SPEAKER

Want to provide something a little different for your group? A program to make a difference in the years ahead? How about the novel idea of planning for the aging years?

Through a two-part book series, *Age Your Way* & *The Blueprint to Age Your Way*, Debbie shares the platform to follow. The plan includes medical, legal, financial, and personal information. When combined, this puts you & your clients in control.

Enhance the service you provide to clients; widen your benefit. Allow them to see you as the professional who goes beyond your specific field of expertise. Put them in the driver's seat of their life, with you to thank for the knowledge, the gift you give.

Debbie Pearson, nurse and author has lived through forty years of inspirational and cautionary patient experiences, ready to be told.
